More Colours

More Layers

Life has many colours to it. At Ori-Plast, we believe our products are accessories to make life more convenient and colourful. So, we have introduced a range of beautiful and aesthetically pleasing water tanks in different hues – Golden Dawn, Green Magic, Amazing Azure, Sunday Sky, Cotton Candy, Sunny Days. These tanks are as stunning as they are useful.

Generally, water in Polyethylene tanks gets excessively heated in summer and is inconvenient to use. Ori-Plast Tanks have a foam filled layer in between the layers. Being a non-conductor of heat, the foam filling keeps water cool in all weather.

Ori-Plast LLPDE Tanks have excellent storage capacity, which provides extra security. They are low maintenance and completely leak proof. This makes Ori-Plast one of the most economical water tank brands in the market.

Many Features

MANY BENEFITS

Ori-Plast LLDPE Tanks come with many unique features, which makes them the most popular in the market.

- Multiple layers
- Maintain uniformity in water temperature
- Comes in aesthetically superior finish
- Chemically resistant
- Light weight, easy to transport
- Hassle free installation
- Keeps water hygienic and odourless
- Can withstand longer period of exposure to sunlight without degradation
- Quality product at an affordable price range

Extra Strong

All Ori-Plast Tanks come with extra space which makes them a secure buy. Extra space prevents overloading and consequent damage to the tank.

- Extra storage
- Durable
- All weather resistant
- Resistant to stress cracking
- Corrosion resistant
- Lasts for years with zero maintenance

EXTRA SPACE

Extra Storage space

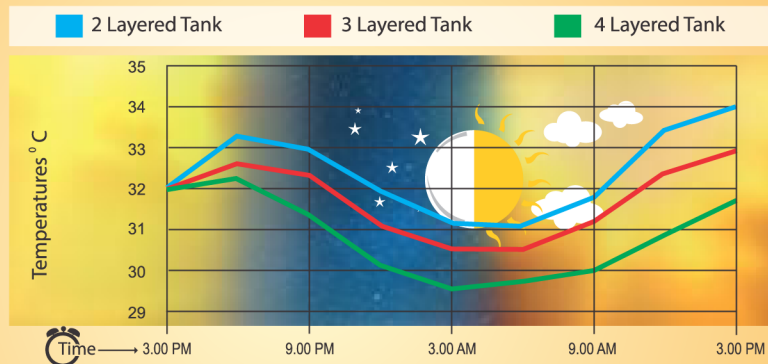

Install Ori-Plast Tanks Correctly

- Tank base should be fully supported with rigid, strong, levelled and flat base.
- Pipelines, valves and other fittings should be properly aligned.
- Check nuts of the Tank Connecting Nipple. It must be used with rubber gaskets and should not be over tightened.
- Inside surface of the tank should be properly cleaned with detergent before using.

Extra Cooling

EXTRA CONVENIENCE
